

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically modified (GE) food, to ask that the agency's policies be changed, and to support the following points in docket #00P-1211/CP1

- ☒ All GE Foods should be labeled so I am informed and have a choice.
- ☒ GE Foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing
- ☒ There should be a moratorium on GE Foods until long-term studies show they are safe for human health and the environment.
